601 South Figueron St Suite 4050 Los Angeles CA 90017 213 239 9745

#### **EXECUTIVE SUMMARY**

We have conducted a performance audit of the cash and investment balances of the City of Long Beach (the City) as of March 31, 2018. The City of Long Beach's management is responsible for the cash and investments balances. As of March 31, 2018, the City's cash and investments portfolio totaled approximately \$2.0 billion.

We conducted this performance audit in accordance with Generally Accepted Government Auditing Standards. Those standards require that we plan and perform the audit to obtain sufficient and appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

#### BACKGROUND

#### City Charter Mandate

Pursuant to Section 803 of the Charter of the City of Long Beach, California, the Office of the City Auditor is charged with verifying cash and investment balances in the City Treasury on a quarterly basis and providing a written report to the City Council. The Office of the City Auditor has contracted Windes, Inc. to perform the March 31, 2018 audit.

The audit of cash and investment balances of the City of Long Beach includes verifying cash and investments with outside depositories, and evaluating the City Treasurer's compliance with the relevant provisions of the California Government Code and the City's Investment Policy, which is adopted annually by the City Council.

#### **Pooled Cash and Investments**

The City's pooled cash is a grouping of the City's available cash for investments. The larger amount of money involved in a pool allows the City to earn a higher rate of return than each fund could receive by itself. Pooled funds that are not needed for operations are invested by the Treasury Bureau. The interest income earned in pooled cash and investments is apportioned to funds based on the ratio of daily cash balances to the total of pooled cash and investments.

#### BACKGROUND (CONTINUED)

#### Non-pooled Cash and Investments

Generally, non-pooled cash and investments are used for specific project operations or pledged for reserves or interest payments of outstanding debt.

#### Chandler Asset Management

The City has an agreement with Chandler Asset Management ("Chandler") to provide investment advisory and management services related to the City's pooled investment portfolio. The term of the agreement beginning January 1, 2015 was extended through December 31, 2018. Chandler manages the City's pooled investment portfolio on a non-discretionary basis and provides ongoing oversight of investment activity, including "best practice" recommendations, updates on both financial and regulatory developments, investment strategy review, and performance and credit analysis related to investments in the City's investment pool.

#### AUDIT OBJECTIVES, SCOPE, AND METHODOLOGY

The objectives of our performance audit were to reconcile cash and investments as to the amount and description recorded on the City's books with outside depositories and to evaluate the City's compliance with the relevant provisions of the California Government Code Section 53601 and the City's Investment Policy.

The scope of this audit was limited to the quarter ended March 31, 2018.

#### We performed the following procedures:

- Obtained an understanding of the internal controls surrounding the City's cash and investment process.
- Obtained confirmations of cash held by banks and investments held by the City Treasurer's safekeeping agent and other custodians as of March 31, 2018 and reconciled them to the City's general ledger.
- Reconciled the balance of total investments on the City Treasurer's Investment Activity Portfolio Statistics Report (Sympro) at March 31, 2018 to the City's general ledger.
- Obtained bank and investment reconciliations at March 31, 2018 and traced balances to the City's general ledger. This also included testing, on a sample basis, the adjustments made on the reconciliation to ensure they are valid adjustments.

#### AUDIT OBJECTIVES, SCOPE, AND METHODOLOGY (CONTINUED)

- Compared investments listed on the City Treasurer's Investment Activity Portfolio Statistics Report (Sympro) at March 31, 2018 to the types of investments authorized for the City in accordance with the City's Investment Policy and the relevant provisions of the California Government Code.
- Compared the portfolio mix of investment types listed in the City Treasurer's Investment Activity Portfolio Statistics Report (Sympro) at March 31, 2018 to the portfolio mix limitations imposed by the City's Investment Policy and the relevant provisions of the California Government Code.
- Reviewed supporting documentation on a sample basis, the purchase, sale and maturity
  of individual investments to determine compliance with the following provisions of the
  California Government Code and the City's Investment Policy:
  - o Purchases of investments meet minimum rating requirements and maximum allowable maturity periods.
  - o All sections of the investment transaction record are properly completed and authorized by the City Treasurer.
  - o Transactions are supported by documentation from third-party sources (individual broker confirmations, safekeeping statements, custodian statements, etc.)

The City finalizes its calculations of accrued interest at the end of the fiscal year; thus, testing of accrued interest is conducted as part of the fiscal year-end cash and investment audit. As such, we did not test accrued interest, which is excluded from the balance of Total Cash and Investments at March 31, 2018, listed below and in Attachments I and II. In addition, the allocation of pooled cash and investments between funds was outside the scope of this audit. As such, the Schedule of Pooled and Non-Pooled Cash and Investment Balances by Fund is attached for informational purposes only.

#### **RESULTS AND CONCLUSIONS**

During our audit, we noted the following reconciling item was not booked in FAMIS to properly reflect the cash and investment balances at March 31, 2018. The following summarizes our finding:

(\$2,295,015) Duplicate entries recording the proceeds from the County of Los Angeles to the Successor Agency Fund during March 2018 were posted in FAMIS. This lead to an overstatement in the FAMIS cash with fiscal agent account reported in the Successor Agency Fund (Fund 270 and 277). Cash with fiscal agent is considered part of non-pooled cash and investments.

#### RESULTS AND CONCLUSIONS (CONTINUED)

The City's cash and investment balances as of March 31, 2018, after the adjustment noted above, are summarized as follows:

Pooled Cash and Investments \$ 1,666,197,844

Non-Pooled Cash and Investments \_\_\_\_\_304,743,279

Total Cash and Investments \$ 1,970,941,123

Based on the results of audit procedures performed and adjustment made, cash and investment balances as recorded on the City's books at March 31, 2018, materially agree as to the amount and description with outside depositories. We found the City to be in compliance with all other relevant provisions of the California Government Code and the City's Investment Policy.

#### MANAGEMENT COMMENTS

Management concurs that the investment activity for the subject period was in full compliance with the applicable sections of the California Government Code and the City's Investment Policy.

For the (\$2,295,015): A cash receipt of the Successor Agency Fund was booked twice in error. As part of Financial Management's monthly bank reconciliation process, the error was discovered and the correction booked in a subsequent month. The Financial Management Department is improving procedures to detect and/or prevent duplication of entries, and working toward the completion of bank reconciliations before month-end close. This will allow the booking of corrections within the period in which the errors occur. It should be noted that the new financial system currently being implemented is being designed to prevent this type of duplication from occurring due to stronger detective controls primarily related to additional workflow review capabilities.

Long Beach, California

Winder, due.
